WELCOME TO THE WORLD OF INSIGNIA

Unlike regular referral programs, the referral program at CNTC is driven by our understanding of what motivates our patrons, and our knowledge of what is really important to them, and what's not.

We understand that money isn't the only motivator for referrals, especially in case our clients who are extremely sensitive about the quality of lifestyle they might recommend to their social circle.

At CNTC, we have devised a referral program that not only gives our patrons a lifestyle of privileges along with a substantial amount of cash, for every referral that converts into a sale.
